Industrial and Production Plants, since 2005

Client	Place	Country	Start	End
Project description	Services and supplies by Pörner	<i>Remark</i>	Project / Scope	
Confidential <i>Extension of the resin production TRA</i> Extension of the resin production	Wels On basis of a former study for several variations, authority engineering and basic engineering for the raw materials storage, resin production line, thermal after-burning, heat carrier oil unit, heat exchange water and electrical I&C	Austria <i>Before contracting Pörner did a study for several variations</i>	2014	2015
Frey Delikatessen GmbH <i>Reconstruction of a Food Production Hall</i> Reconstruction of a Food Production Hall, adjustments for infrastructure facilities acc. hygienic technical demands; thermal and statical refurbishment for production halls, storage areas and administration building	Vienna Authority engineering, tender, procurement, detailed engineering, statical and form work engineering, assistance for controlling, site supervision and follow-up support	Austria	2013	2015
AMOC Alexandria Mineral Oils Company <i>Wax Molding Unit</i> Capacity extension of an existing wax molding unit from six to eight production lines up to 23,000 TPA; including adaption of the cooling system and exchange of the complete control system (PLC)	Alexandria Detail design of the new wax molding units as well as cooling- & control system, procurement, supply of equipment, site supervision	Egypt <i>Capacityextension to 8 production lines</i>	2013	2014
OMV Petrom SA <i>Renovation of three existing buildings</i> Renovation of three existing buildings and relocation of control room	Petrobrazî architecture, statical engineering, piping, electric, HVAC; EMSR	Romania	2013	2014
AGRANA Bioethanol GmbH <i>Office Building Pischelsdorf</i> Construction of a ready to use administration building, 2.000m ² useable area, including cloakroom	Pischelsdorf Concept, architectural design, authority engineering, statical/constructional engineering, HVAC-design, tendering and awarding, site supervision	Austria <i>Industrial building</i>	2012	2013

Project description	Services and supplies by Pörner	<i>Remark</i>	Project / Scope	
F.W. Thermoholz GmbH <i>Thermal Afterburning</i> Study and detailed engineering fo a thermal afterburning system	Premnitz	Germany	2011	2011
			Engineering <i>E</i>	
Büsscher & Hoffmann GmbH <i>Production Unit for Bituminous Waterproof Sheets</i> General Contractor for extension of an existing production unit for bituminous waterproof sheets by adding a second production line and debottlenecking the ancillary facilities	Enns General contractor, authority engineering, authority hearing, detailed engineering for ancillary facilities, media engineering supply, project management, technical procurement, construction supervision, completion notice	Austria	2010	2011
			Modernisierung <i>EPCM</i>	
OOO "TANN NEVSKIY" <i>Rotogravure printing factory Springtime</i> Engineering of a new rotogravure printing factory	Pskov Basic engineering, detail engineering, site supervision, commissioning support	Russia	2009	2011
			Green field <i>ECM</i>	
Tannpapier Traun <i>Revamp Paper Processing Plant</i> Revamp paper processing and printing plant "Alpha 8" inclusive replacement of printing maschine and infrastuctural engineering (metering paint, new cooling water circuit)	Traun Project management, authority engineering, process engineering, civil and steel structure, site supervision and commissioning support	Austria	2009	2010
			Modernisation <i>ECM</i>	
OMV Petrom SA <i>Jet Tanks</i> Assessment works on jet tanks regarding wall thicknesses, condition of concrete foundation, as-built documentation, static calculation	Petrobrazî Evaluation services; included disciplines apparatus and civil engineering	Romania	2009	2009
			Expertise <i>E</i>

Project description	Services and supplies by Pörner	<i>Remark</i>	Project / Scope	
Tannpapier GmbH <i>Revamp Paper Processing Plant</i> Revamping production 3 "ALFA 7" of a paper & cardboard processing and printing plant	Traun Replacement of printing machine by ongoing production and integration into infrastructure, expansion and revamp of color preparation, adaption thermal oil system, optimization of the air extraction systems, modification of cooling tower	Austria	2009	2009
Fertighauszentrum "Blaue Lagune" <i>Construction of two Exhibition Buildings</i> General planning of two exhibition buildings with a forward-looking architecture and efficient use of energyresources, for presentation of up-to-date HAVC components	Vösendorf Cost planning, architectural layout, authority engineering, tendering and awarding, site supervision, technical and commercial project control	Austria <i>Public building</i>	2008	2009
Schaumann GmbH & Co <i>Molasses Storage</i> General planning for construction of molasses and vitamin oil storage tanks including connections to the existing dosage plant	Taufkirchen Planning of piping and instrumentation diagrams with process description, layout and detail engineering, authority engineering, construction supervision, inquiry specifications, tendering and vendor selection, site	Austria	2008	2008
AGRANA Bioethanol GmbH <i>Turn-key Contract for a Bioethanol Plant</i> General planning and installation of a bioethanol plant to produce 200.000 t Bioethanol (the biggest industrial plant of Austria within renewable resources); Intergraph 3D-Planning; Total investment: 125 Mio. EUR	Pischelsdorf Estimation of investment cost, governmental approval procedure incl. UVP, complete detail engineering incl. Tendering, technical procurement, site supervision and start-up assistance	Austria <i>Industrial building</i>	2006	2007
Donauchem GmbH <i>Construction of a Chemicals Mixture Plant, Anorganica 3</i> Construction of a plant to the mixture, filling and storage of chemical liquids; follow-up order to Organika 2	Pischelsdorf General planning, conceptual design, basic design, construction, steel construction, instrumentation/control & electrics	Austria <i>Industrial building</i>	2006	2007
