OA0 Ural Methanol Group Engineering support for a methanol plant	Nishnij Tagil Project management consulting services	Russia	2006	2012
				668
LANXESS AG Turn key installation of a new formalin plant incl. methanol and formalin tanks, methanol unloading facility	Krefeld-Uerdingen Turnkey delivery: basic- and detail engineering, procurement, supply, construction and erection, site supervision, commissioning, documentation	Germany	2010	2011
		total investment approx. 18 m EUR; based on Dynea Silver technology; under construction		736
Dynea Erkner GmbH Infrastructure measures for the formaldehyde plant and phenolic resin plants	Schwarze Pumpe Authority engineering, basic engineering, detail engineering	Germany	2008	2011
		under construction		673
PV Crystalox Solar Silicon GmbH Complete planning of a solar silicon plant process steps hydration, separation and offsites	Bitterfeld Basic engineering, detail engineering, procurement, site supervision and commissioning	Germany	2006	2011
		under construction		669
OA0 Metafrax Installation of a production plant for hexamine, delivery with GOST-R certificate	Gubakha General planning, procurement and supply of all equipment and material and PLC (Delta V made by Pörrner), site supervision, start-up assistance, training and documentation	Russia	2008	2010
		under construction		717
